mobile audio video dreams

Video and audio sources

M-DVD9900

1 DIN DVD Player

- Operating voltage: 12V DC
- Low power consumption design
- VIDEO OUTPUT SYSTEM: MULTI-system, NTSC or PAL switchable

- Play position memory
- Multi-angle, multi-view, multi-audio function
- Multi-level forward and backward motion
- Resume stop and repeat function
- This DVD player can play the following discs: compatible with DVD, CD, VCD, DVCD, MP3, CD-R, CD-RW
- 1 L/R audio output
- 1 L/R audio input
- 1 AUX video input
- 1 rear camera video input
- Digital audio coaxial output
- 3 video outputs with one dedicated self switching rear view monitor output

M-CD3510R

CD-MP3 Player with RDS radio

- 1 ISO/DIN mountable
- 180 Watts (45x4) peak
- Radio tuner with RDS function
- MP3-CD compatible
- CD-RW play back
- Detachable face

CD

- CD-RW-R play back
- MP3 play back
- Last position memory
- Random/repeat/intro
- 8x oversampling

RDS-PTY, TP/TA, AF/P1, EON, CT

- European frequency spacing
- 24 station preset (18FM/6AM)
- Auto station store
- Preset scan
- One-touch memory
- Auto stereo/mono
- Auto local/distance

TECHNICAL SPECIFICATION

- 1 Bit D/A converter
- Anti-shock mechanism
- 3-Beam laser pickup
- Electronic function control (volume-bass-treble-balance-fader)
- Double pre-amp output
- Auxiliary input
- Multi color liquid crystal display
- Level meter
- Simple DSP effect

Kits

M-DVD KIT 100

DVD with 7" monitor and 2 headphone

M-M7100

- 2 stereo audio/video input
- AUX audio/video input jack on front panel
- Headphone jack
- IR remote controller

M-DVD9100

- Low power consumption design
- VIDEO OUTPUT SYSTEM: MULTI-system, NTSC or PAL switchable
- Multi play position memory
- Multi-angle, multi-view, multi-audio function
- Compatible with: DVD, CD, VCD, DVCD, MP3, CD-R, CD-RW
- 1 L/R audio input/output
- 1 AUX video input
- IR remote controller

M-MT5601

5.6" TFT LCD Color monitor kit

- Aspect ratio 4:3 screen
- Res.: 960(w)x234(h)
- Full electronics control
- 2 video input
- 2 audio input
- Built-in speaker
- Earphone jack

TV Tuner

- PAL system
- Antenna input
- External IR remote controller with receiver

Color monitors

M-M5600

5.6" TFT LCD

- Aspect ratio 4:3 screen
- Res.: 960(w)x234(h)
- Full electronics control
- 2 video input
- 2 audio input
- Built-in speaker
- Earphone jack
- IR remote controller
- TV option starting from 2004 version (using the M-TVT500)

M-M7070

7" monitor with IR transmitter

- 16/9 wide screen, res.: 1440(w)x234(h)
- Full electronic control
- Wireless IR transmitter
- 2 stereo audio/video input
- 1 stereo audio/video output
- IR controller
- TV option (using the M-TVT500)
- Independent color system input selectable (Pal or NTSC)
- Control adjustment on front

M-M7000RV

7" roof monitor with IR transmitter

- 16/9 wide screen, res.: 1440(w)x234(h)
- Full electronic control
- Wireless IR transmitter
- 2 stereo audio/video input
- IR controller
- TV option (using the M-TVT500)
- Power lamp with on/off switch
- Independent color system input selectable (Pal or NTSC)
- Control adjustment on front

M-M1040RV

10.4" roof monitor with IR transmitter

- Low power consumption design
- Adjustable angles, left/right, up/down
- Wireless IR transmitter
- 2 stereo audio/video input
- IR controller
- TV option (using the M-TVT500)
- Power lamp with on/off switch
- Auto select color system (Pal or NTSC)
- Control adjustment on front

System Components

M-TVT1000P

TV Tuner PAL System:
allows transmission of TV signals

- Multi PAL system
- 2 audio/video input
- 1 audio/video rear camera input
- 2 video output
- Audio stereo/mono output
- Diversity antenna input
- External IR remote controller with receiver

M-TVT500

Multi PAL system TV receiver

- Multi PAL function, PAL-BG, BI, BK, BGI
- 2 stereo audio/video input
- 1 stereo audio/video output
- Double antenna input
- Direct monitor connection

Usable for M-M1040RV, M-M7000RV,
M-M7070 and M-M5600 (2004 series)

M-AVC4300

Multi Audio Video Controller

Allows the creation of complex systems thanks to its many audio and video inputs and outputs.

- 4 audio/video input
- 3 video output
- 3 audio stereo/mono output
- External remote controller each single output
- DC power output monitors

M-CCP333S

1/3" DSP Color Camera:
rear video camera that comes up on the monitor when the car is put into reverse.

- Waterproof application
- PAL system
- Reverse image
- 380 TV lines Hi resolution
- 0.5 Lux at F 2,0 min. illumination
- Auto White balance
- 33 x 33 mm size
- RCA adapter included

M-FM 99

FM stereo modulator

- Multi channel PPL synthesizer
- FM antenna In/Out
- Frequency range from 87.5 MHz to 98.5 MHz
- Frequency step 100KHz
- LED display

M-HPS

2 wireless headphone with transmitter

- High frequency optical transmission system
- 7 meter radius reception
- Automatic input level control
- Extended bass driver
- Adjustable headband
- Power switch on/off
- Stereo/mono selector
- Volume controller

M-HP

Wireless headphone

- High frequency optical transmission system
- 7 meter radius reception
- Automatic input level control
- Extended bass driver
- Adjustable headband
- Power switch on/off
- Stereo/mono selector
- Volume controller

Accessories

M-RS1000

Sensor receiver for M-TVT1000P
It allows all IR remote controls to manage all the sources and the monitors connected to the system (already included in the M-TVT1000P).

M-GS400

Goose Neck 400 mm
Goose neck monitor support.

M-BA1020

Booster TV-Antenna

- High sensitive TV-Antenna
- VHF-UHF, High gain conductor
- Attachable inside the car
- 20dB gain

M-DA1000

Diversity TV-Antenna

- 4 channel TV-Antenna
- High gain conductor VHF-UHF
- Attachable inside the car

M-HDS

Universal headrest stand.

M-HD7070

Headrest kit for M-7070
For installing the monitor inside the headrest.

M-HD5600

Headrest kit for 5.6" monitor
For installing the monitor inside the headrest. It allows to remove the monitor everytime you want. The kit is supplied with the cable for all the new connections.
